- b) Verified Alarm Response Program (VARP) Report – Mr. O'Brien noted the trend in the VARP statistics is very encouraging.
- c) Financial Statements Q1 2025 Capital
- d) Court Security & Prisoner Transport Grant Yearly Summary - Mr O'Brien commented the gap between costs and funding is getting wider: the provincial funding has not changed in ten years but costs have increased. Chair Smith remarked that a letter sent on April 1st to Minister Kerzner has had no response. Chief Rodd further added that the municipality bears the cost for the court service, with no ability to impact costs.
- e) Overtime Analysis Q1 2025 - Director Ringham identified the significant strategic work to reduce overtime. Mr O'Brien commented the impact on this line in budgeting discussions, further remarking a decline in overtime costs is encouraging. Chair Smith agreed, remarking the trend is in the right direction. Chair Smith also noted the unpredictable nature of overtime, subject to forces that are outside of the control of BPS.
- f) Financial Statements Q1 2025 Operating - Director Ringham gave an overview of this report as an opener to further highlight the risk outlined in the Contribution to Reserve Report.
- g) Contribution to Reserve - Director Ringham presented a picture of the past, present and future for the Service, with special emphasis on the growing deficit in the Contribution to Reserve account. A high future estimate would be up to \$9.5 million and a low future estimate would be \$3.8 million deficit. There is a continued need to prioritize and resolve this issue.
- h) 2024 Financial Statements Operating
- i) IMPACT and HealthIM Annual Summary 2024
- j) Victim Services Annual Report 2024 - Deputy Chief Meeks provided an overview to highlight the information provided in this report. The embedded service worker within BPS has been a valuable asset to the team and to the community. Victim Services are a core function of policing and the loss of funding will have an impact. The person is still working in that role as other opportunities for funding are sought. Mr O'Brien expressed his thanks to Deputy Chief Meeks for this information.
- k) Strategic Plan Update – Vice Chair Enright Miller emphasized the collaborative nature of the work done thus far towards the Strategic Plan. The goal is to share the completed plan in fall of 2025. Options include presenting it during the October Board Meeting, or during a dedicated community session.

☒ PUBLIC REPORT

☐ IN CAMERA

June 26th, 2025

To: Chair and Members
Belleville Police Service Board

Prepared by: Inspector Aubertin
Support Services Division

Subject: Annual Missing Persons Report for 2024 - Support Services Division

Purpose: ☒ Information Purposes Only ☐ Seeking Decision

Financial Implication:

There are no financial implications arising from the recommendation contained in this report.

Statutory Authority:

Missing Persons Act, 2018

Strategic Plan Alignment:

Address crime through effective call response, investigations, enforcement, and police visibility

Recommendation:

This report recommends that the Board receive this report for information.

Partners with the Community

Information Factors:

1. Background

The *Missing Persons Act*, 2018 came into effect on July 1, 2019.

In accordance with O.Reg. 182/19 under the Missing Persons Act, 2018, each police service is required to annually prepare and report on Urgent Demands. This report shall be presented by April 1st of each year, after which, the Police Service Board shall make this information publicly available by June 1st of each year.

As per section 8(1) of the Missing Persons Act, 2018, the report shall contain:

- (a) the total number of urgent demands made in that year and the number of missing persons investigations to which they related;
- (b) a description of the types of records specified in the urgent demands made in that year; and
- (c) any other prescribed information.

An urgent demand is described as an "Emergency Demand for Records". This form allows law enforcement to urgently request specific records related to a missing person investigation when they have reasonable grounds to believe the person may be in danger. A form 5 is used in situations where waiting for a standard court order to access records would be impractical or dangerous, given the circumstances of the missing person's disappearance. The types of records that can be requested in a form 5 are; Contact and identification information, Telephone and electronic communication records (including cell phone data, internet browsing history, etc.), Global Positioning System (GPS) tracking data and Video records (like CCTV footage).

2. Findings

No Defined System of Data Collection

The Ministry did not create a system or method of data collection in order to meet this requirement, and it was left to each police service to develop a system that would allow them to record this reportable data.

Partners with the Community

During a provincial working group teleconference, recommendations have been made to the Ministry by police services to develop an electronic data collection system but this has not transpired. At this time, data recording and reporting remains with individual police services

Belleville Police Service – Data Reporting Process Difficulties

The Belleville Police Service has had difficulty completing a thorough report per the guidelines as there is no standard or process available but we have been meeting our obligation by submitting the report annually. To obtain a more accurate and comprehensive report moving forward, Belleville Police Service established a process in 2024 with our Communications Centre staff that will track any time an officer makes an Urgent Demand of a cell phone provider for a ping or any other information. This will provide a much clearer picture of its use in 2025. Furthermore, our designated Missing Persons Coordinator of the Criminal Investigations unit is now tracking all uses of Urgent Demands from all other providers such as banks, internet providers and social media sites as these cases would involve a detective from the Criminal Investigations Unit.

A copy of the 2024 Missing Persons report submitted to the Ministry is attached.

A handwritten signature in black ink, appearing to read 'M. Rodd', is positioned below the name 'Murray Rodd'.

Chief of Police

In accordance with O.Reg.182/19 under the *Missing Persons Act, 2018* the contents included in this report must be prepared by April 1 of each year, and made publicly available by June 1 of each year.
